(6) Pensions

(7) Postal Pensions

(8) Remittance Transfer Receipts Bills & Drafts

(9) Insurance Transactions

(10) Receipts.

6) From the above it will be seen that half of the work now done by the S.H.Y and nearly all real work of the Treasury is proposed to be done by the Bangalore District Treasury and thereby some account keeping work has been transferred to the Comptroller's Office and Custody of bulk of opium Stamps and the attending occasional Remittance work all of which S.H.Y.

7) In British India in the presidency Towns all bills of Offices in the Presidency Towns are attended to by the Presidency Pay & Audit Depts of the Accountant General's Office and has worked smoothly. It is for consideration whether the same system cannot with advantage be introduced here instead of burdening the already overburdened Bangalore D by

with additional work. Civil Account Code Volume II (Chapters 49 to 57 deals with the head of work and consequent accounting. As a matter of fact all bills for salaries and T.A. are now being preaudited, the introduction of the Residency Cash System having made necessary the Treasury Receipts and Contingent bills which are now postaudited where also preaudited and considering that there are so few Vrs and that there is a Well manned Pay and Audit Department in the Comptroller's Office in charge of this head of work it does not appear that it will in any way inconvenience the work of the Comptroller's Office. While on the other hand, the Convenience, nay the prestige (it is held as such in some quarters across the Allegan peninsula) of drawing their Salaries etc from the Hugin treasury will be retained. The Treasury cheques may be either Cashed, Sitter in the Hugin Treasury or the Bangalore Dt Tr; in Baluchistan India it is always the Residency Bank, but that is a matter of detail which may not be looked on Egno.

8) It is also possible that in such a Case the work of Receipts which is now done in the S.H Tr, which is then transferred

to the Bangalore District Treasury will not necessitate the transfer of any Clerks at all or even if some are sent the place difficulty to be handed over. We therefore submitted that the Residency Payment System be introduced and then the work to be done by the Officials will be as follows:—

A. By the State Treasuries

(1) Remittance work

(2) Stamps

(3) Opium

(4) Small Coin and

(5) Encashment of Treasury Cheques.

B. By the Comptroller's Office.

(1) Journal Accts

(2) Revenue Board Accts

(3) Safe Custody Keep

(4) Unclaimed & Investment Accts

(5) Palace Fund Accts

(6) Gas & Mfg Company's Accts

(7) Residency Payments (Items 1, 6 & 7 of Cash

(8) Civil & other Deposits. (In Bombay in Madras, the deposits of the Officers are kept by the Accts Dept under the head Accts Civil Deposits Bombay in the Bank as Personal Deposit)

C. By the Bangalore District Treasury:—

(1) Military Fund Payments
(2) D.N.D. Cheques

(5) Insurance Transactions
(6) Receipts.

For these items which are more which the Treasury Dept. does as a regular course of business, and the Pay Dept. will perhaps be the Treasury Dept. there will perhaps be no need for any extra clerical establishment or almost one or 2 clerks would be all that would be necessary to facilitate a regular division of work.

9) May the Comptroller be requested to consider on this aspect of the case.

10) Two other points in the Comptroller's memorandum require further notice.

11) The Comptr. and the Stocks & Stamps Dept have severed & the I.A. & the Stamps manufactory separated. Mr. Rose separate audit is not therefore clear what exactly is wanted. He thinks that there is no occasion for the Stamps Dept. to be further consulted. No further reports may perhaps be awaited.

12) The other points viz making the Treasury Dept. Bangalore Khajana Bakshi in charge of Military pensioners does not seem objectionable. The Khajana Bakshi has all along hitherto

been an office of some status and this association with the Hyder Nawaz has almost worked upon (and in the Commissioner's opinion it does form part of) an appreciable asset and it would shock their amour propre if their association was delegated to a Sub Office. Apart from this sentiment, the Khajana Bakshi corresponds to the Paymaster Marine Stores in Madras and has it in his hands to make these pensioners better loyal citizens and it seems nothing but fair that the unravelling of many a fawning [illegible] of an hoary historic fame should rest in the hands of a mere junior who happens to be the Sub Office. If I may be permitted to make a suggestion I would most respectfully beg to submit that the view taken when the Local Bridge Scheme & the revision of the J. H. G was on the Capital one of the Secrett Officers who made the Khajana Bakshi is perhaps the best solution of the difficulty. Like the Local Service Treasury Office, the Mylapore Sumadhi should be attached to it. Or any branch that may be decided upon & the Asstt or Under Secy

20) I have marked some portions in the above note which seem to deserve consideration.

A B The continuance of the system of preauditing the bills of the Headquarter offices seems to be expedient & even if the encashment takes place at the Dt Treasury, the preaudit would relieve the Treasury of a certain amount of responsibility & work It would be very convenient if the bills of headquarter offices could be paid at the S. H. Qrs It is very desirable to retain the payment of palegar pensions at the S. H. Qrs

C This is also desirable

D If the S. H. Qrs is not to retain the payment of palegar pensions &

to make enquiries into claims for such pensions etc, it would be better to transfer the work of enquiry into claims to the Secrtt & allow the payment of pensions to be ~~paid~~ made at the Dt Trs.

23) A & B. According to the first order all Head Quarters payts should in future be made at the Bangalore Dist treasury and I do not think the point is open to further discussion. The preaudit system in British provinces is the outcome of the arrangement by which Presidency banks do the bulk of treasury work. To introduce the system of payt by preaudit cheques without banking

GPB—55,000—27-4-09

arrangements would be a meaningless imitation of the British Indian form. The arrangements suggested in the Comptroller's note are in accordance with the first order + they are capable of being easily carried out x. I do not understand why it is very desirable to retain the payt of Palegar pensions at the S. H. Try. The S. H. Treasury will henceforth cease to be treasury having dealings with the public and will be a treasury of treasuries only; so the Palegars must take their pensions from one of the treasuries dealing with the public.

(24) C. I do not think that the Registrar of the Chief Court (we have no Accountant-General Chief court here) should be allowed to keep all chief court deposits in the Madras Bank as personal deposit. The Madras Bank branch is not to us what a Presidency Bank is to the British accounts Deptt. As the Huzur Treasury is to cease doing treasury work with the public the chief Court deposits will have to go to the Bangalore Dist Treasury

(25) D. I have no objection to this arrangement.

I think the Constitutions provisions may be adopted with the following modifications explained below -

(1) All Head Quarter Presidency Bills should be presented as now, the presented Bills (or Cheques as they are called in the Orders above) being cashed at the District Treasury. This present system should be tentatively for say 6 months till the District Treasury gets into working order when if considered necessary, it may be dispensed with - [So far as the Constitution Act is concerned the distinction between pre audit & post audit is only one of Chronology.] -

Q: Is there anything stated in such Orders that they are subject to pre audit?

(2) All Madras Bank business should be dealt with the State Account Treasuries in the manner prescribed -

I presume this is what is styled the Drawing & Disbursing Officer's Banking account in draft. Are there any others?

(3) All Pallegar pensions should be paid at the State Account Treasuries under the method of payment & there is allowed & brought into line with that of other pensioners - At present there is a different procedure in regard to them which it may not be

Reorganisation of work of the S. H. Z

Dewan's Observations:- "All Office bills be presented direct to the presidential bills (as they are called in the Rules above) being Cases of the district treasury."

Second Councillor's Rules:- "Is there anything in such bills that they should require presidt?"

Explanation:- The bills are mostly Office Establishment pay bills, Officers pay bills, abstract Contingent bills and in the Case of the Military a few Travel Bills. As the Huzur treasury has been paying these bills in order to minimise Objections, the presidl system was followed in this Case. There is really nothing special in the bills themselves requiring presidt. [But there is a speciality in the presidl cheques of the Residency, Subdl System addressed in the Rules.]

Dewan's Observations:- "All Madras Bank transactions to be with the State Huzur treasury until further Orders."

Second Councillor's Rules:- I presume this is what is stated by Dewan's banking account Dept. Are there any others?"

Explanation:- Yes. The balances in the Branch Banks are borne on the Cash balance Statement of the S. H. Z at present and hence all transactions which have the effect of altering that balance are recorded in the Huzur treasury Accounts. The Pass book is sent back & the Abstract up.

Dewan's Observations:- "All Village pensions to be paid at the S.H. Inquire the method of payt & if same is altered undertake to bring into line with that of other pensioners."

Second Councillor's notes:- "What is the special procedure please."

Explanation:- In the case of ordinary pensions a pension payment order is issued & the Comptroller when any alteration payment has to be made. He furnishes all the particulars necessary to identify the pensioner and has two parts, one the Officer's half & the other, the pensioner's half. At the time of making the first payt the signature of the pensioner is taken on the Ry Officer's half and the pensioner's half is made over to the pensioner. The reverse of both these have Cols provided for two payts & no pension is paid unless the pensioner's half is produced along with a separate receipt. The two halves are Compared, the payts noted on the reverse of each and the signature on the receipt compared with the signature on the Ry Officer's half and the money paid. If the pensioner does not attend in person he has to send a life Certe in addn to the above.

In the Case of the Village pensioners, there are no pension payt orders, they have only a form of receipt & draw their pension two'ly or annual and half yearly life Certificates are received from the Tahsildars in their Whose local jurisdiction the pensioners li

3. The proposed allocation of the existing establishment is also shown above.

4. As the whole work of payments to and receipts from the public is to be transferred to the Bangalore District Treasury, it will be seen that there will be an appreciable addition to the work of the Bangalore District Treasury. From an inspection of the work of the State Huzur Treasury, I am given to understand that the number of payments on account of Salaries, Establishment, Contingencies. Travelling Allowance &c (item No 11 on page 1 of these notes) may be approximately put down at 400 a month. The pension payments may be taken at about 150, a little less than half being Pallegar pensions. The other items of payments viz., P.W.D. Cheques, Military Funds Payments &c., do not exceed 150 so the total number of payments does not appear to exceed 700 while the items of receipts are given to me approximately as 300 for a month.

When compared to the present work of the Bangalore District Treasury the additional work chiefly consisting of Head Quarter payments that is now to be transferred appears to be in the ratio of about a third, and with this addition the Bangalore District Treasury will not be very much heavier than Mysore with its 13 Sub Treasuries.

5. At present, about 500 to 600 British Military pensioners are paid their monthly pensions from the ... Bangalore District Treasury. The British Military

Department pays a remuneration calculated on the number of pensioners for this work. Out of this amount, a temporary hand is entertained for doing the bulk of the work and some member of the Treasury staff also gets something for supervision. The Treasury Officer who is ultimately responsible for the payments and has to devote considerable time on the work takes nothing himself. Even with this work, the work of the Treasury officials as it will stand after the proposed transfer of work from the Huzur Treasury will not perhaps be too much. But, if any relief were wanted, I think it would be right to ask the British authorities to arrange for the payment of British Military pensions in Bangalore from their own Civil or Military treasuries in the Station. There is, of course, good reason for our treasuries paying these pensions on behalf of the British Government in treasuries other than Bangalore. But, in Bangalore itself, there can now be no reason for our doing the work. It may be left to the Treasury Officer to report after the Bangalore District Treasury has worked under the new arrangements for sometime whether he wishes to be relieved of the work in connection with British Military pensions.

Capitation allowance:
Upto 100 — 10
Upto 150 — 14
For every 50 thereafter upto 400 — Rs 2/-
For every 25 above 400 — Re 1/-

6. As the payment of Pallegar pensions is being ... transferred to the Bangalore District Treasury, the Deputy Commissioner of Bangalore in the Treasury Department, may be appointed Khazana Bakshi Ex-Officio, if necessary, to deal with Pallegar claims and report to Government.

7. Mr.T.Chokkanna, the Officer in charge of the ... Bangalore District Treasury, agrees with the above proposals. The only remark that he offers is that the account branch may require strengthening by one more hand. If that is afterwards found to be absolutely necessary, the clerk on Rs.15 proposed to be abolished may be transferred to the Bangalore District Treasury.

8. It will be seen that the above arrangement disposes of the whole work of the Huzur Treasury and results in the following savings:-

1 Head Accountant on Rs.100

(The former rate of pay was 100-10-130 but it was reduced to Rs.100 when a personal allowance of Rs.30 was sanctioned for the Deputy Accountant).

1 Cash clerk ... 30-1-35

1 Accountant ... Rs.15/-

The Head Accountant's place is vacant and the reduction will be given effect to above. The other two hands will be kept on as supernumerary in the Comptroller's office till they can be absorbed in suitable vacancies.

The Deputy Accountant, Huzur Treasury, Mr.Narasimhaloo Naidu, who is proposed to be transferred to the Bangalore Treasury as Head Accountant now draws Rs.50/- in the ... grade, Rs.40-5-50, plus a personal allowance of Rs.30/- a month. To give a sufficient status and pay to the Head Accountant of the Bangalore District Treasury, I would fix the pay of the Head Accountant of that Treasury at 60-5-85. Mr.Narasimhaloo Naidu may be allowed a special personal allowance of Rs.20/- a month which he will draw in addition to the increments.

To avoid having two shroffs in the Bangalore District Treasury on the same pay of Rs.25/- a month, one of the men may be given 25-1-30.

The clerk on Rs.40 transferred to the Comptroller's Office may also be absorbed in the regular staff by increasing one appointment in the grade of 30-45.

9. A proposition statement embodying the above proposals is appended. It may kindly be sanctioned and communicated officially to the Comptroller.

10. The next point to be considered is the question of accommodation. As has been repeatedly urged by the Treasury Officer of Bangalore, the space allotted for the account branch is at present quite insufficient, and it is not possible to accommodate the 3 new hands that will

will have to be now transferred. It is a fact that pensioners and other persons presenting claims at the Treasury have to wait in the open verandahs or under the trees in the District Office compound. The only solution of this question is the shifting of the Doddaballapur Sub-Division Assistant Commissioner's Court to some other portion of the District Office building, or if that is not convenient, to a small separate building, in case the Head Quarters of this Sub-Division is not to be transferred to Doddaballapur.

It may be possible to provide room for this office by shifting the additional Munsiff's Court room to the room now occupied by the Central Nazar which will shortly be vacant on the abolition of the Central Nazareth system. Whatever may be the arrangement that should be made to accommodate the .. Doddaballapur Sub-Division Office, it is absolutely necessary that the room now occupied by it should be restored to the Treasury. That room is situated between the Treasury Officer's room and the strong room of the Treasury and for more reasons than one, it should form part of the treasury as indeed was the case sometime ago.

11. The Huzur Treasury Officer will, for the present, continue to be Superintendent of Stamps. As reported to Government in my last note on the audit of the Stamp Manufactory, it would be a better and safer arrangement to transfer the stock of Stamp and Stamp papers to the Huzur Treasury, the Stamp Manufactory being made into a separate office under the control of the Superintendent, Government Printing, and the Commissioner of Stamps. If that is done, it is not clear if a separate office for the Superintendent of Stamps need be separately retained. The question will be carefully examined and a note on the subject submitted to Government within a short time.

H. V. Krishna Iyer
Comptroller

Proceedings of the Govt. of H.H. the Maharaja of Mysore.

R e a d again:-

(1) Govt. Proceedings No. Fl 2324-9/G.F 213-08 dated 10th November 1910 ~~revising~~ regarding the revision of the work of the State Huzur Treasury and the organization of a Local Audit Department.

Read:-

Letter No. 3550 dated 10/12th December 1910 from the Comptroller to the Govt. of H.H. the Maharaja of Mysore submitting a note embodying his proposals ~~regarding~~ for the said revision of work, ~~and soliciting early orders so that the new arrangement could be brought into effect from 1st January 1911 after giving sufficient notice to the public.~~

Order thereon:-No. 36 4795-6

Dated Bangalore, 13 March 1911.

The Comptroller in the letter read above proposes the following arrangements

arrangements for distributing the work now done by the Huzur Treasury, between that Treasury, the Dt Treasury & his own office.

1. Remittance work 2. Opium 3. Stamp 4. Small coin	To be continued to be performed by the State Huzur Treasury and to be in charge of an Assistant Comptroller.
5. Jamakurch account 6. Dewan's Bank account including drawing of the cheques - - - - 7. Safe Custody Register 8. Surplus and other Investment Accounts. 9. Palace Fund accounts. 10. Mysore Spinning & Manufacturing Company's accounts.	To be transferred to the Bank Section of the Comptroller's Office (Book & Budget Branch).
11. Payment of salaries - Establishment, Contingency, Travelling Allowance bills of some Head Quarter Offices 12. Military Fund payments 13. P. W. D. cheque payments 14. Deposits (Chief Commandant, Geological, Chief Court, Forest, etc). 15. Forest Dept transactions 16. Pensions - ordinary. 17. Pensions - Pollegar. 18. Remittance Transfer Receipts and Supply Bills. 19. Insurance Transactions 20. Receipts.	To be transferred to the Bangalore District Treasury

He also submits a proposition statement of establishment required for carrying on the work in the Comptroller's Office and in the Bangalore

District Treasury, the proposals showing a net ~~decrea~~ saving of Rs 123 per mensem or Rs 1476 per annum in the present cost of the S.H.T. as the result of such an arrangement.

2. The Government of H.H. the Maharaja of Mysore are pleased, ~~after careful consideration,~~ to sanction the Comptroller's proposals with the ~~few~~ modifications ~~explained~~ specified below:-

(1) All Head Quarter Offices' ~~bills~~ bills should ~~to~~ be preaudited as now, the preaudited bills being cashed at the District Treasury. The preaudit system will be tentative for 6 months till the new arrangements in the District Treasury get into working order, when, if considered necessary, it may be dispensed with.

(2) All Madras Bank ~~transactions to~~ transactions with the State should be done in the State Huzur Treasury until further orders.

(3) All Pollegar pensioners should be paid at the State Huzur Treasury until the method of payment ~~to them~~ of such pensions is altered and brought into line with

that of ~~other~~ ordinary pensioners. At present there is a special procedure in regard to them which it may not be safe for a District Treasury Officer to work.

3. The new system will be brought into effect as soon as the question of accommodation in the Bangalore District Treasury is settled.

4. After the introduction of the new system the inspection of the Cash Balance on the 1st day of every month by the Dewan or by an officer deputed by him will cease and clause 10 para 3 of Govt.' order No. 13633-4/752 dated 29th Feb 1892 as altered by Govt Order No. 11991/G 2595 dated 21st January 1894 will be cancelled and future verifications of the balances in the Reserve Treasury will be made according to the rules laid down in the Civil Account Code therefor [Vide Arts. 603 & 604, C.A.C.,Vol.I]
